

Instructions for using the Protect Your Boundaries Resource Articles

Thanks for using this PYB resource Article. We hope it helps you sell more homes!

We've provided you this article in two different forms:

1. **Newsletter Format:** The Microsoft Word file is intended for you to copy the article and picture into your own print newsletter. If you want to put it on your web site, we've also provided you with a low-resolution image in the package.
2. **Open House Format:** The PDF file is the same article, only prepared for immediate print if you'd like to have them available at, say, an Open House. Feel free to print these and distribute them as you wish.

If you have any problems using these files please call us at 1-877-392-2662.

Best wishes!
